PROGRAMMING LANGUAGE
-Experiences in C/C++, C#, Python

EMBEDDED SYSTEM
-Experiences in Microcontrollers: STM32, 8051,ESP32,Arduino

AWARDS

Top 8 Animal Robot Season 4

CAREER GOALS

After three years at the university, I have learned the basics and want to put them to use in the real world to become a professional engineer. I have accumulated this knowledge through specialized courses such as embedded systems and IoT, RTOS, data structures and algorithms, and C/C++ programming,... I'm looking for a suitable position to learn and grow, as well as contribute to the company's most practical values and the needs of customers.

WORKING EXPERIENCES

TEACHING ASSISTANT TEACHER // **13/3 - 1/5**

HCM UNIVERCITY OF TECHNOLOGY AND EDUCATION

Learn about projects, collect information, and support lecturers about projects.

ACTIVITY

CLUB MEMBERS // **2021 - 2022**
